

# STEPS

## TO BECOMING WORLD-CLASS

**1. SORT:**

Remove unnecessary items. Only what is needed, when it's needed.

**2. SET IN ORDER:**

A place for everything & everything in its place.

**3. SHINE:**

Are you "Tour Ready"? Clean & clear work areas, highlight problems.

**4. STANDARDIZE:**

Make best practice, standard practice.

**5. SUSTAIN:**

Keep improving. Your competition is.
